PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science and Engineering student (CGPA 7.59/10) and certified SAP ABAP Cloud Back-End Developer, with strong SQL, Java, C and Data Structures and Algorithms foundations. Seeking an entry-level SAP ABAP Developer role to build, enhance and maintain custom SAP back-end solutions.

SKILLS

SAP: SAP ABAP, ABAP Cloud (Back-End Development)
Programming Languages: SQL, Java, C, Python
Databases: PostgreSQL, MySQL
Core Computer Science: Data Structures and Algorithms, Object-Oriented Programming Concepts
Tools and Platforms: Eclipse, Git, GitHub, VS Code, PyCharm, Jupyter Notebook, Google Colab
Data and ML: Pandas, NumPy, Scikit-learn, XGBoost, Matplotlib

CERTIFICATIONS

- **SAP ABAP Cloud Back-End Developer (Global Certification)**
- PostgreSQL Certification
- Certificate of Training in Robotics and Artificial Intelligence
- Full Stack Web Development Certification, HMGenX

WORK EXPERIENCE

Full Stack Web Development Intern | HMGenX

- Designed and deployed full-stack websites from scratch, building the front-end interface and back-end logic with database integration.
- Debugged and optimized website performance and responsiveness across devices, delivering deployment-ready builds within internship timelines.
- Completed the HMGenX Full Stack Web Development program and earned certification.

PROJECTS

Student Employability Prediction using Classification Models | Python, Scikit-learn, XGBoost, Pandas, NumPy, Matplotlib

- Built an end-to-end machine learning pipeline predicting student employability from a real-world dataset using Random Forest, Decision Tree and XGBoost classifiers.
- Cleaned, preprocessed and engineered features with Pandas and NumPy; compared models using standard classification metrics to select the best performer.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering | 2023 to 2027 (Expected graduation)
RISE Krishna Sai Prakasam Group of Institutions | CGPA: 7.59/10

ACHIEVEMENTS

- Solved 200+ problems on LeetCode across multiple data structure and algorithm patterns.
- Earned the 50 Days Badge (2026) on LeetCode for consistency.
- 1st Prize, Robotics Workshop Competition.
